"We have conducted twenty funerals in the past two weeks and seventeenth were persons residing in the city," remarked a funeral director yesterday. There are four establishments in the city and all have been equally busy. All of which indicates an unusual death harvest, the like of which has never been known in this community.

ESPLANADE NEGLECTED

Once "Fountain Square" Now a Dumping Place

It is a shame the way Market Street Esplanade has been neglected and allowed to decay as it has.

At one time it was the most beautiful spot in the city, and could again be restored to usefulness and beauty by replanting a few hardy trees.

It is city property and cost some several thousand dollars and it is certainly worth while looking after.

Instead of using it as dumping place for every old and useless thing that comes along, restore it to its original condition and use it for the purpose for which it was intended.

HORSE MARKET

Maysville and Mason County the Home of the Thoroughbred

Maysville has become an important horse and mule market, and outside buyers visit this point at frequent intervals and always spend from a few hundred to several thousand dollars on each visit.

Every horseman is a buyer and seller of horses and there are several horsemen in our community and county who are always in the market for horses and mules which find a steady market and are the equivalent of so much cash.

Besides being a good market for equines the raising, development and training of horses is on a steady increase in Mason county.

These horsemen are valuable people and THE PUBLIC LEDGER is glad to note the prosperity of the industry in our county; which, besides bringing thousands of dollars here is adding fame abroad as a country producing the best thoroughbreds to be found in the world.

THE National Cash Register Company, one of the largest and finest, if not the finest and best conducted manufacturing plant in the world, will, it is said, move from Dayton, O., to another city. HARRIMAN, the railway highway magnate, weekly declares to the Interstate Commission that the railroads will obey the law and co-operate in its enforcement. THE United States Supreme Court has granted a motion made by the Commonwealth of Kentucky to advance three cases which involve the constitutionality of the local option laws of the state. The cases were carried up by the Adams Express Company and the American Express Company, which were indicted and convicted under the criminal statutes for selling whisky in a local option district in Kentucky, and for delivering whisky and accepting c. o. d. charges prohibited under the state laws. The express companies claim that the traffic was interstate commerce, and therefore not subject to local laws, but the Court of Appeals of Kentucky held that the transactions were not interstate commerce.

REV. DR. CHARLES H. PARKHURST disagrees with the conclusions recently reached in Chicago as to the main cause of intemperance. When questioned as to three main causes, he gave the following:

1. The monotony of the workingman's life.

3. Actual desire for the social fellowship found in saloons.

COURT'S OPINION

Decision in the Suit of Buckley's
Assignee v. Stevenson.

The Court of Appeals recently reversed the
suit of Buckley's Assignee, etc., v. Scott Stevenson,
taken up from the county, Judge Settle
rendering the following opinion—

First—Lands—Lien—Life Tenant.—The
life tenant can take no interest in the land as
against a mortgage lien. His interest is as
much subject to the lien debt as is that of the
remaindermen.

Second—Judgment—Premature.—The holder
of the lien should have been ruled to answer in
order that the court might definitely know in
advance of ordering a sale of the property
what the debts amounted to. And the aver-
ments of the petition that the land is not de-
visible can not be taken as confessed as to in-
fants, or nonresidents.

Taking the statistics for the entire world,
four and a half persons to the thousand are
either deaf, dumb, blind or mentally deficient.

Deafness Cannot be Cured
by local applications, as they cannot reach the dis-
eased portion of the ear. There is only one way to
cure deafness and that is by constitutional reme-
dies. Deafness is caused by an inflamed condition
of the mucous lining of the Eustachian tube. When
this tube is inflamed you have a rumbling
sound or imperfect hearing, and when it is entirely
closed, deafness is the result, and unless the inflam-
mation can be taken out and this tube re-
stored to its normal condition, hearing will be
destroyed forever; nine cases out of ten are caused
by Catarrh, which is nothing but an inflamed condition
of the mucous surfaces.

We will give One Hundred Dollars for any case
of deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars
free.

With the view of swelling dwindling Church
attendances, Rev. Joel Rosister of the First Re-

by electric signs, and he sees no reason why
churches should not advertise the services in
the same way.

recently been accomplished at Ashtabula. The
range-light, weighing 65 tons and standing 65

along the river a distance of 750 feet, and then
successfully placed on a new site. It was raised
by the use of jacks and moved on rollers to and
from the lighter. Guy ropes held it in position
while moving.

CHURCH RECEPTION

Rev. P. A. Cave to Observe First Anniversary of Pastorate

Rev. Preston A. Cave the first of this month closed his first year's work as Pastor of the Maysville Christian Church, and in honor of the anniversary he and his good wife have arranged for a reception to be given at the Church Thursday evening, the 14th, from 7 to 10 o'clock.

Refreshments will be served by the Ladies' Aid Society in the Sunday-school room during the reception from 7 to 8:30, and a program of music and addresses will be given in the auditorium from 8:30 to 10.

Every member of the Church, old and young, is earnestly invited to attend.

HOUSEHOLD CARES

Tax the Women of Maysville the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well. Doan's Kidney Pills make well kidneys. Here is a Maysville woman who endorses this claim:

Mrs. Lizzie Bridges, of 206 West Third street, Maysville, Ky., says:

In March, 1900, I gave a testimonial recommending Doan's Kidney Pills and in it I told how I learned the great value of this remedy. I had been troubled with bad back and weak kidneys from girlhood and in my efforts to find a cure tried every medicine I could find but without benefit until I began using Doan's Kidney Pills. They proved just the remedy I needed. They went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble."
